

NEW FORD PUMA - CUSTOMER ORDERING GUIDE AND PRICE LIST

Effective from 1st April 2024

SERIES RANGE

Titanium
17" Alloy Wheels with an Absolute Black and Machined Finish
LED Projector Headlamps with LED Day Time Running Lights and front fog lamps
LED rear lamps
Power adjustable door mirrors with manual folding function
Rear privacy glass
Quickclear heated windscreen
Body colour rear spoiler
Standard suspension
Full digital 12.8" instrument cluster
12" landscape touchscreen display with wireless Apple CarPlay and Android Auto, 6 speaker audio system, Ford SYNC with connected navigation, FordPass Connect and Emergency Assistance
Power Start Button
Manual tailgate
Selectable Drive Modes - Normal, Eco, Sport, Slippery & Trail
Electronic Automatic Temperature Control (EATC)
Titanium cloth trim in black
Manual 4-way driver seat adjust with lumbar adjust
Manual 2-way passenger seat adjust
Automatic headlights with Auto High Beam and automatic rain sensing wipers
Ford MegaBox extended bootspace
Rear camera with parking sensors
Pre-Collision Assist with Autonomous Emergency Braking, Pedestrian/Cyclist Detection, Driver Impairment Monitor and Post-Collision Braking
Cruise Control with Intelligent Speed Assist
Lane Keeping Aid and Lane Departure Warning
Recommended On The Road Price* from:
£25,800

ST-Line
17" Alloy Wheels with a Black and Machined Finish
LED Projector Headlamps with LED Day Time Running Lights and front fog lamps
LED rear lamps
Power-foldable heated door mirrors with puddle lamps and Puma logo projection
Rear privacy glass
Quickclear heated windscreen
ST-Line body styling kit with unique grille and large body colour rear spoiler
Sport suspension
Full digital 12.8" instrument cluster
12" landscape touchscreen display with wireless Apple CarPlay and Android Auto, 6 speaker audio system, Ford SYNC with connected navigation, FordPass Connect and Emergency Assistance
Power Start Button
Manual tailgate
Selectable Drive Modes - Normal, Eco, Sport, Slippery & Trail
Electronic Automatic Temperature Control (EATC)
ST-Line cloth trim in black with red stitching
Manual 4-way driver seat adjust with lumbar adjust
Manual 2-way passenger seat adjust
Automatic headlights with Auto High Beam and automatic rain sensing wipers
Ford MegaBox extended bootspace
Rear camera with parking sensors
Pre-Collision Assist with Autonomous Emergency Braking, Pedestrian/Cyclist Detection, Driver Impairment Monitor and Post-Collision Braking
Cruise Control with Intelligent Speed Assist
Lane Keeping Aid and Lane Departure Warning
Recommended On The Road Price* from:
£26,700

ST-Line X
18" Alloy Wheels with an Absolute Black and Machined Finish
LED Projector Headlamps with LED Day Time Running Lights and front fog lamps
LED rear lamps
Power-foldable heated door mirrors with puddle lamps and Puma logo projection
Rear privacy glass
Quickclear heated windscreen
ST-Line body styling kit with unique grille and large body colour rear spoiler
Sport suspension
Full digital 12.8" instrument cluster
12" landscape touchscreen display with wireless Apple CarPlay and Android Auto, Premium B&O audio system with 10 speakers, Ford SYNC with connected navigation, FordPass Connect and Emergency Assistance
Wireless charging pad
Keyless Entry and Power Start Button
Power Lift Tailgate
Selectable Drive Modes - Normal, Eco, Sport, Slippery & Trail
Electronic Automatic Temperature Control (EATC)
ST-Line X Premium Synthetic Leather with Synthetic Suede Inserts and red stitching
Manual 4-way driver seat adjust with lumbar adjust
Manual 4-way passenger seat with lumbar seat adjust
Automatic headlights with Auto High Beam and automatic rain sensing wipers
Ford MegaBox extended bootspace
Rear camera with parking sensors
Pre-Collision Assist with Autonomous Emergency Braking, Pedestrian/Cyclist Detection, Driver Impairment Monitor and Post-Collision Braking
Cruise Control with Intelligent Speed Assist
Lane Keeping Aid and Lane Departure Warning
Recommended On The Road Price* from:
£28,250

ST
19" Alloy Wheels with a Magnetite Dark Finish
Matrix LED Headlamps
LED rear lamps
Power-foldable heated door mirrors with puddle lamps and Puma logo projection
Rear privacy glass
Quickclear heated windscreen
Unique ST body styling kit, large rear spoiler and wing mirrors, plus Ford Performance embossed splitter and red brake callipers
ST suspension
Full digital 12.8" instrument cluster
12" landscape touchscreen display with wireless Apple CarPlay and Android Auto, Premium B&O audio system with 10 speakers, Ford SYNC with connected navigation, FordPass Connect and Emergency Assistance
Wireless charging pad
Keyless Entry and Power Start Button
Power Lift Tailgate
Selectable Drive Modes - Normal, Eco, Sport and Track
Electronic Automatic Temperature Control (EATC)
Ford Performance Seats Premium Synthetic Leather with Synthetic Suede Inserts and red stitching
Manual 6-way driver seat adjust with lumbar adjust
Manual 6-way passenger seat with lumbar seat adjust
Heated front seats and heated steering wheel
Automatic headlights with Auto High Beam and automatic rain sensing wipers
Ford MegaBox extended bootspace
360 degree Camera with front and rear parking sensors
Pre-Collision Assist with Autonomous Emergency Braking, Pedestrian/Cyclist Detection, Blind Spot Information System, Driver Impairment Monitor and Post-Collision Braking
Adaptive Cruise Control with Intelligent Speed Assist
Lane Keeping Aid and Lane Departure Warning
Recommended On The Road Price* from:
£33,050

* Recommended 'On the road' (OTR) price includes first year road fund licence, DVLA first registration fee £55 and an estimated £25 for number plates. Images shown for illustrative purposes only. Body colours shown may be optional (at additional cost). See colour options page for more information.

Ø The CO2 emissions test figures shown in the table are derived from the Worldwide Harmonised Light Vehicle Test Procedure (WLTP). These figures may not reflect real life driving results, which will depend upon a number of factors including the accessories fitted, variations in weather, driving styles and vehicle load. For further information on CO2 and fuel performance please refer to our Fuel Consumption and CO2 section.

† Recommended 'On the road' (OTR) price includes first year road fund licence, DVLA first registration fee £55 and an estimated £25 for number plates.

* Not applicable to retail or private car buyers. BIK values are the monthly taxation payment applicable to company car users. BIK values were correct at the time of printing and are based on taxation rates for 2024/25 tax year. P11D value is the sum of Recommended price + VAT & Number plate charge (£25)

If a car's list price is over £40,000 (including VAT and factory fitted options) at first registration, the customer will pay an additional VED charge (currently £410) for five years after the end of the first registration (in addition to the standard VED charge per year, currently £190 for petrol / diesel car or £180 for an alternative fuel car).

** Stock orders only.

ELECTRIC TECHNOLOGY

Which electric engines is right for you?

	<p>MILD HYBRID (MHEV) A small electric motor that helps improve efficiency versus a conventional internal combustion engine. Mild Hybrid vehicles have two sources of power that work together – a conventional engine and a battery-driven electric motor. The electric motor does not power the car. It simply assists it.</p>
	<p>HYBRID (HEV) Hybrid vehicles have two sources of power. They can automatically switch between conventional mode, pure electric mode (for short distances) or use both to power the vehicle as needed.</p>
	<p>PLUG-IN HYBRID (PHEV) Plug In. Charge up. Improves Efficiency versus a mild hybrid or hybrid engine. Plug-in Hybrids have the two sources of power like a hybrid, but with a larger high voltage battery, enabling you to drive longer distances on all-electric power.</p>
	<p>ALL-ELECTRIC (BEV) 100% Electric. Just charge it up and go. All-Electric cars are powered by electricity alone. This means they have to be charged before you can drive.</p>

Electric range

* Ranges are estimates only and depend on the vehicle, road conditions and driving behaviour.

Charging the battery

MILD HYBRID AND HYBRID

There's no need to plug in your vehicle for charging. Hybrid vehicles are able to recharge the battery in two ways:

- 1) Regenerative braking
- 2) Conventional engine

The conventional engine powers the generator which transforms mechanical energy into electrical energy to charge the battery.

PLUG-IN HYBRID

The larger battery in Plug-in Hybrids can be plugged-in to charge. Once the battery is depleted, the vehicle behaves like a conventional hybrid with the engine running when required.

ALL-ELECTRIC

All-Electric vehicles are powered by electricity alone and don't have a petrol engine. They must be plugged in to charge the battery.

All four electric vehicle types use regenerative braking to charge the battery. While braking, the motor is still spinning even though the car is trying to slow down.

Regenerative braking captures this typically wasted energy to create electricity, which charges the battery.

Plug In charging options

230V Wall outlet

Plug-in Hybrids and All-Electric vehicles can be charged on a 230V outlet, which is the standard electrical socket in most UK houses. This takes longer than when using a Wall box.

Wall box

For faster charging at home you can install a compatible wall box, which is capable of charging your vehicle overnight.

Public charging stations

Public charging stations, available in many cities and work places, can charge your vehicle much faster than at home. They can deliver an 80% charge in just 30 minutes. The price and charging capability can vary.

IONITY High-power charging stations

400 charging stations will be capable of delivering faster charging of up to 350 kWh per hour across Europe (charging speed dependent on other factors including vehicle charging capability). These stations will be compatible with both current and future Ford electric vehicles. These are currently being built.

OPTIONS

Packs
Winter Pack Front Heated Seats and Heated Steering Wheel
Comfort Pack Power Lift Tailgate, 4-Way Manual Passenger Seat, Keyless Entry, Keyless Start and Wireless Charger <i>(Power Folding and Heated Door Mirrors with Puma Logo Puddle Lamps on Titanium)</i>
Driver Assistance Pack Intelligent Adaptive Cruise Control (ACC) with Evasive Steering (Automatic also includes Stop & Go with Traffic Jam Assist) Blind Spot Information System (BLIS) with Lane Change Warning and Cross-Traffic Alert Lane Change Aid (Automatic Transmission includes Lane Centering Assist) 360 degree camera with front and rear parking sensors <i>Power Folding and Heated Door Mirrors with Puma Logo Puddle Lamps on Titanium</i>
Audio, Navigation and Connectivity

PUMA FUEL CONSUMPTION & CO2

The fuel consumption and CO2 emission figures shown in the table are derived from the Worldwide Harmonised Light Vehicle Test Procedure (WLTP). These figures may not reflect real life driving results, which will depend upon a number of factors including the accessories fitted, variations in weather, driving styles and vehicle load. The figures shown are for comparability purposes; only compare fuel consumption and CO2 figures with other vehicles tested to the same technical procedures.

You can also use Ford's online configurator to build and customise a new Ford vehicle: www.ford.co.uk/configurator. The configurator provides information about your configured vehicle's fuel consumption and CO2 emissions (these are also WLTP test figures).

Engine	Available On	Euro Emissions	Transmission	Drive	Maximum Power PS (KW)	Torque Nm	Fuel Consumption (WLTP Figures without Options)				CO2 Emissions (WLTP)	
							Lowest Performing (MPG) ⁰⁰	Highest Performing (MPG) ⁰⁰	Lowest Performing (L/100km) ⁰⁰	Highest Performing (L/100km) ⁰⁰	Lowest Combined Performing (Co2) ⁰⁰	Highest Combined Performing (Co2) ⁰⁰

Notes

⁰⁰ The declared Fuel/Energy Consumptions, CO2-Emissions and Electric range are determined according to the technical requirements and specifications of the European Regulations (EC) 715/2007 and (EU) 2017/1151 as last amended. Light Duty Vehicles type-approved using the World Harmonised Light Vehicle Test Procedure (WLTP) have Fuel/Energy Consumptions and CO2-Emission information for both New European Drive Cycle (NEDC) and WLTP. WLTP is a new, more realistic test procedure for measuring fuel consumption and CO2 emissions and has fully replaced the NEDC by the end of 2020. The applied standard test procedure enables comparison between different vehicle types and different manufacturers. In addition to the fuel efficiency of a car, driving behaviour as well as other non-technical factors play a role in determining a car's fuel/energy consumption, CO2 emissions and electric range. CO2 is the main greenhouse gas responsible for global warming. A guide on fuel economy and CO2 emissions which contain data for all new passenger car models is available at any point of sale free of charge or can be downloaded under <https://carfueldata.vehicle-certification-agency.gov.uk/>.

PUMA PERFORMANCE

¹ Customers with towing requirements recommended to select factory-fit detachable tow bar. Dealer Supplied Solution TBC.

² Item is non-Ford branded from an approved supplier

For more information about any of the included Ford Accessories, or to view the full range of Ford Accessories visit www.ford-accessories.co.uk

This price list shows both original Ford accessories as well as a range of carefully selected products from third party suppliers, identified under that third party supplier's brand name.

Please note that third party supplier branded accessories do not come with a Ford warranty but are covered by the third party supplier's own warranty, the details of which can be obtained from your Ford Dealer.

Fitment of accessories may have an impact on your vehicle's fuel consumption.

Prices do not include fitting unless otherwise stated. Please refer to your Ford Dealer for fitted prices.

FORD PROTECT

Every new Ford Puma is protected by a 3 year/60,000 mile Ford Warranty. In addition, it will also come with Ford Assistance for 1 year, providing roadside assistance in the UK and throughout Europe.

Ford Protect New Vehicle Extended Warranty

If you plan on keeping your vehicle for longer than 3 years or are a high mileage driver you can extend your 3 year/60,000 mile warranty to either 4 years/80,000 miles or 5 years/100,000 miles.

Features:

- Cover against the cost of repair or replacement of defective parts, or to repair a material, assembly or manufacturing defect recognised by Ford
- Protection against unexpected repair bills
- All repairs will be carried out by Ford Authorised Dealers using genuine Ford parts
- Ford Protect New Vehicle Extended Warranty plans can be purchased any time up until the vehicle's first date of registration

Ford Protect Service Plan

You can also purchase a Ford Protect Service Plan giving you the option of scheduled services and Ford Assistance for the duration of your plan.

Features:

- Scheduled Servicing; covers servicing in accordance with Ford Standard Service Schedules including associated parts and labour, for the number of services applicable to your plan.
- Replacement brake fluid (every other year)
- Extended Ford Assistance; roadside assistance in the UK and throughout Europe
- Up to 7 days vehicle hire if any warranty work cannot be completed within 24 hours
- The Ford Protect Service Plan can be purchased up to 12 months from date of registration or before the first service is due (whichever is the sooner)

Ford Protect Wear and Tear Plan

You may choose to purchase a Ford Protect Wear And Tear Plan, which provides replacement or repair of the following parts:

- Brake Pads, Shoes, Disks, Clutch Friction Plate, Shock absorbers silencer, wiper blades and bulbs
- Must be purchased before vehicle is 90 days old (Terms & Conditions apply)

Ford Protect Service Plan Plus

You may choose to purchase a Ford Protect Service Plan Plus giving you the benefits of the Service Plan and also includes a Wear and Tear Plan (including extended warranty for 4 year plans).

Features:

- All items covered within the Service Plan and the Wear and Tear Plan
- Ford Protect Service Plan Plus can be purchased any time up until the vehicle's first date of registration

Notes and Conditions

The delivery charge is included in the Basic Recommended Retail Price and is made on all models for delivery to the Dealer's premises. Where delivery is not made to the customer at the Dealer's premises a further charge may be made by the Dealer.

The Vehicle Excise Duty (VED) charged on new cars is based on their engine's CO₂ emissions* (expressed in grams per kilometre (g/km)). All CO₂ emissions figures in g/km are derived from the Worldwide Harmonised Light Vehicle Test Procedure (WLTP). These figures may not reflect real life driving results, which will depend upon a number of factors including the accessories fitted, variations in weather, driving styles and vehicle load.'

You can also use Ford's online configurator to build and customise a new Ford vehicle: www.ford.co.uk/configurator. The configurator provides information about your configured vehicle's fuel consumption and CO₂ emissions (these are also WLTP test figures).

The chart above shows the Bands and the VED which will be levied (for vehicles registered from 1st April 2024 onwards).

If a car's list price is over £40,000 (including VAT and factory fitted options) at first registration, the customer will pay an additional VED charge (currently £410) for five years after the end of the first registration (in addition to the standard VED charge per year, currently £190 for petrol / diesel car or £180 for an alternative fuel car).

OTHER PRICING CONSIDERATIONS

Customer Order Price Protection

Ford's Price Protection Plan means that the price you pay is the same as the price on your order as long as you are prepared to accept delivery within six months, and in any event, as soon as your vehicle is available. Your Dealer has full details of the plan. Ford Motor Company Ltd is not liable for changes in price caused by Government changes in tax rates or changes in other applicable legislation.

VAT

VAT is shown calculated at 20%. The total price of a vehicle, including factory fitted options and accessories fitted by the Ford Dealer, will be subject to VAT on retail sale.

Price Changes

This price list outlines Ford's Recommended On The Road Prices and Recommended Retail Prices. Please contact your Ford Dealer for final sale prices. This price list is effective from **1st April 2024**, and supersedes all previous price lists. The recommended prices in the publication were true and accurate at the time of printing. You should, however, check details with your Dealer as there may have been changes to Ford's recommended prices in view of Ford's policy of continuous development. Ford reserves its right to change prices at anytime. Change to government legislation or tax changes could result in a change to Ford's published prices.

ILLUSTRATIONS, DESCRIPTIONS AND SPECIFICATIONS

The product information in this publication was correct at the time of going to print. However, Ford's policy is one of continuous product development. The right is reserved to change specifications and colours of the models and items illustrated and described in this publication at any time. For the latest details always consult your Ford Dealer. Throughout this publication, wherever a feature is described as being an 'Option' or 'Option Fitment/Pack' etc., you should assume that it will be at extra cost to the base vehicle, unless specifically stated to the contrary. All models and colour combinations are subject to availability.

Some images portrayed are of a pre-production model and/or are computer generated, therefore the design/features on the final version of the vehicle may differ in various respects. In addition, some of the features shown on the vehicles may be optional, e.g. metallic paint.

Please also note some driver assistance features and safety features described in this publication are designed to function using sensors, whose performance may be affected under certain weather or environmental conditions.
