The test used to establish fuel consumption and CO2 figures has changed to deliver results that are more representative of real life driving. The Worldwide Harmonised Light Vehicle Test Procedure (WLTP) has replaced the old NEDC test. The Fuel Consumption figures shown are derived from the new WLTP test.

The table shows the fuel consumption (WLTP) figures for each available engine on the All New Ranger. These figures may not reflect real life driving results, which will depend upon a number of factors including the accessories fitted, variations in weather, driving styles and vehicle load.

The figures shown are for comparability purposes; only compare fuel consumption and CO2 figures with other vehicles tested to the same technical procedures.

øFord test figures.

øø The declared Fuel/Energy Consumptions, CO2-Emissions and Electric range are determined according to the technical requirements and specifications of the European Regulations (EC) 715/2007 and (EU) 2017/1151 as last amended. Light Duty Vehicles type-approved using the World Harmonised Light Vehicle Test Procedure (WLTP) have Fuel/Energy Consumptions and CO2-Emission information for both New European Drive Cycle (NEDC) and WLTP. WLTP is a new, more realistic test procedure for measuring fuel consumption and CO2 emissions and will fully replace the NEDC latest by end of the year 2020. The applied standard test procedure enables comparison between different vehicle types and different manufacturers. In addition to the fuel efficiency of a car, driving behaviour as well as other non-technical factors play a role in determining a car's fuel/energy consumption, CO2 emissions and electric range. CO2 is the main greenhouse gas responsible for global warming. A guide on fuel economy and CO2 emissions which contain data for all new passenger car models is available at any point of sale free of charge or can be downloaded under <http://carfueldata.dft.gov.uk>, are based on tests conducted on vehicles with standard wheels and tyres. Optional or Accessory wheels and tyres may have an effect on the emissions or fuel consumption of a vehicle. For further information on CO2 and fuel performance please refer to the vehicle brochure

	Load Bars & Manual Roller Shutter Contains: Manual Roller Shutter (CHBAN)												
ASBAC	Enhance your loading capability to accommodate your individual transportation needs. Adjustable to fit a variety of cargo, such as bike carriers, camping gear or surfboards, before being tightened and locked to prevent unauthorised removal. Maximum load capacity of 45 kg, supplied with 2 keys Roller shutter features a clean, modern design with no external handles and a compact internal canister. Features a 6-point water management system that is designed to help withstand the wettest conditions. Made from strong, lightweight aluminium with a black, UV resistant, powder coat finish		-	-	-	O	O	O	O	O	O	£1,650.00	£1,980.00
	Manual Soft Tonneau Cover Does Not Contain: Load Box Bedliner (A9SAB)												
CHBAM	Soft tonneau cover is quick and easy to fit and leaves your vehicle looking sharp. Using a simple 6 clamp system, the cover sits on top of your tub body and streamlines the appearance of your vehicle. All opening mechanisms are hidden, therefore concealing how your load area is accessed. Made from a high quality, UV resistant, matte black vinyl material		-	O	-	O	O	-	-	-	-	£500.00	£600.00
	Manual Roller Shutter Does Not Contain: Load Box Bedliner (A9SAB)												
CHBAN	Roller shutter features a clean, modern design with no external handles and preventing unauthorised access to load bed a compact internal canister. Features a 6-point water drainage management system that is designed to help withstand the wettest conditions. Capable of draining up to 40 litres of water per minute. With built-in tracks in the side rails, installing additional accessories such as cross bars is quick and easy. Made from strong, lightweight aluminium with a black, UV resistant, powder coat finish		-	-	-	O	O	O	O	O	O	£1,400.00	£1,680.00
	Power Roller Shutter Contains: Load Box Bedliner (A9SAB)												
CHBAP	Electric roller shutter features a clean, modern infinity design with a two-speed electric belt-drive for smooth operation. Remote control via included key fob allows you to open and close the roll cover remotely. An automatic LED light brightens when you open the cover and switches off when you close. In silver finish.		-	-	-	-	-	O	O	O	O	£1,800.00	£2,160.00
	Underbody Wax Protection The Waxoyl application provides additional protection to the chassis, and is recommended for users with high off-road usage, higher than average exposure to salt water (eg: slipways for those towing boats), or regular exposure to roads treated with salt in icy conditions.

¹ Item is non-Ford branded from an approved supplier

For any more information about any of the included Ford Accessories, or to view a full range of Ford Accessories visit www.ford-accessories.co.uk

This price list shows both original Ford Accessories as well as a range of carefully selected products from third party suppliers, identified under that third party supplier's brand name. Please note that third party supplier branded accessories do not come with a Ford warranty but are covered by the third party supplier's own warranty, the details of which can be obtained from your Ford Dealer. Fitting of accessories may have an impact on your vehicle's fuel consumption.

Prices do not include fitting unless otherwise stated. Please refer to your Ford Dealer for fitted prices.

EFFECTIVE DATE 1ST APRIL 2024

'MANUFACTURERS RECOMMENDED ON THE ROAD' PRICES INCLUDE: COMMERCIAL VEHICLES (EX VAT)

CO ₂ Emissions (g/km)*	Tax Band	Number Plates (Estimated) £	Government First Registration Fee £	First Year Vehicle Excise Duty (VED) (Petrol & RDE2 compliant Diesel) £	Delivery	Total £
	TC39	£20.83	£55.00	£335.00	£920.00	£1,330.83

COMMERCIAL VEHICLES (INC VAT)

CO ₂ Emissions (g/km)*	Tax Band	Number Plates (Estimated) £	Government First Registration Fee £	First Year Vehicle Excise Duty (VED) (Petrol & RDE2 compliant Diesel) £	Delivery	Total £
	TC39	£25.00	£55.00	£335.00	£1,104.00	£1,519.00

VEHICLE BENEFIT TAX

Tax Year to 5th April	2020/21	2021/22	2022/23	2023/24	2024/25
Benefit in kind	£3,490	£3,500	£3,600	£3,960	£3,960

"The delivery charge is included in the Basic Recommended Retail Price and is made on all models for delivery to the Dealer's premises. Where delivery is not made to the customer at the Dealer's premises a further charge may be made by the Dealer.

The Vehicle Excise Duty (VED) charged on new cars is based on their engine's CO₂ emissions* (expressed in grams per kilometre (g/km)). All CO₂ emissions figures in g/km are derived from the Worldwide Harmonised Light Vehicle Test Procedure (WLTP). These figures may not reflect real life driving results, which will depend upon a number of factors including the accessories fitted, variations in weather, driving styles and vehicle load.'

You can also use Ford's online configurator to build and customise a new Ford vehicle: www.ford.co.uk/configurator. The configurator provides information about your configured vehicle's fuel consumption and CO₂ emissions (these are also WLTP test figures).

The chart above shows the Bands and the VED which will be levied (for vehicles registered from 1st April 2024 onwards).

If a car's list price is over £40,000 (including VAT and factory fitted options) at first registration, the customer will pay an additional VED charge (currently £390) for five years after the end of the first registration (in addition to the standard VED charge per year, currently £170 for petrol and diesel vehicles and £155 for vehicles classed as alternative fuel vehicles such as a FHEV, PHEV and BEV)."

OTHER PRICING CONSIDERATIONS

Customer Order Price Protection

Ford's Customer Order Price Protection Plan means that the price you pay is the same as the price on your order as long as you are prepared to accept delivery within three months, and in any event, as soon as your vehicle is available. Your Dealer has full details of the Customer Order Price Protection plan. Subject to terms and conditions. Ford Motor Company Ltd is not liable for changes in price caused by Government changes in tax rates or changes in other applicable legislation.

VAT

VAT is shown calculated at 20%. The total price of a vehicle, including factory fitted options and accessories fitted by the Ford Dealer, will be subject to VAT on retail sale.

Price Changes

This price list outlines Ford's recommended on the road prices and recommended retail prices. Please contact your Ford dealer for final sale prices. This price list is effective from **1st April 2024**, and supercedes all previous price lists. The recommended prices in the publication were true and accurate at the time of printing. You should, however, check details with your Dealer as there may have been changes to Ford's recommended prices in view of Ford's policy of continuous development. Ford reserves it right is reserved to change its recommended prices at any time. Change to government legislation or tax changes could result in a change to ford's published recommended prices.

ILLUSTRATIONS, DESCRIPTIONS AND SPECIFICATIONS

The product information in this publication was correct at the time of going to print. However, Ford's policy is one of continuous product development. The right is reserved to change specifications and colours of the models and items illustrated and described in this publication at any time. For the latest details always consult your Ford Dealer. Throughout this publication, wherever a feature is described as being an 'Option' or 'Option Fitment/Pack' etc, you should assume that it will be at extra cost to the base vehicle, unless specifically stated to the contrary. All models and colour combinations are subject to availability.

Some images portrayed are of a pre-production model and/or are computer generated, therefore the deisgn/features on the final version of the vehicle may differ in various respects. In addition, some of the features shown on the vehicles may be optional e.g. metallic paint.

Please also note some driver assistance features and safety features described in this publication are designed to function using sensors, whose performance may be affected under certain weather or environmental conditions.
